

# HP Color LaserJet Managed E45028 series

HP's entry-level Enterprise-class color printer with speeds up to 28 ppm<sup>9</sup> and strongest security.<sup>1</sup>

HP Managed MFPs and printers are optimized for managed environments. With increased monthly page volumes and fewer interventions, this portfolio of products can help reduce printing and copying costs. See your HP Authorized Reseller for details.

This printer uses dynamic security, which may be updated periodically by firmware updates. The printer is intended to be used solely with cartridges using an original HP chip. Cartridges using a non-HP chip may not function or may cease to function. More at: [www.hp.com/learn/ds](http://www.hp.com/learn/ds)
